

ASF280A

Single Door Magnetic Lock

Features

- · 280KG Anti-pull
- · Built-in reverse current protection device(MOV)
- · Aluminum shell with high strength alloy material
- \cdot Electromagnetic suction work completely, there is no mechanical failure
- · Can be set DC12V or DC24V
- · The residual magnetic design proof, wear materials
- · Double lock body insulation treatment

Technical Specification Electronic Working voltage DC12V/DC24V Working current 480mA/240mA General Anti-pull 280kg Equipped with ASF280U/ASF280F stents Frameless glass door Equipped with ASF280ZL/ASF280L stents Open inward door Overall dimensions 250*47*26mm Weight 2.0kg Working Environment Working temperature -30°C~+60°C Working humidity ≤95%
