

## DESKTOP MONITORS

### INFORMATION

## Precision meets performance

Work with confidence on the 27" ProGraphic HB2701, a 4K UHD monitor engineered for designers, photographers, and content creators who demand uncompromising visual clarity.

Powered by IPS Black 2.0 technology, it delivers deeper contrast and richer blacks, ensuring every shadow and detail is revealed with stunning precision.

With 99% DCI-P3 coverage and [Pantone Validated](#) colour accuracy, your work translates seamlessly across print, video, and digital platforms. The AGLR anti-glare coating minimises reflections, keeping you focused whether you're in a bright studio or a dim workspace. These advanced features allow you to fully showcase your creativity and skills.

Designed for productivity, the HB2701 features a 150mm height-adjustable stand, USB-C docking, and a built-in KVM switch, giving you a clean, connected setup ready for effortless multitasking.

## See more, adjust less

IPS Black 2.0 technology enhances contrast, deepens blacks, and delivers consistent colours across a broad viewing area. You'll catch more detail in shadowed regions and reduce the need for corrections, giving you full confidence during creative work.

## Pantone Validated for reliable colour accuracy

ProGraphic monitors are [Pantone Validated](#) to ensure precise reproduction of Pantone Matching System colours widely used in design and print. This streamlines your workflow, minimizes revisions, and gives professionals across colour-critical fields the confidence to trust every hue.

## Precision colour across every medium

With 99% coverage of the DCI-P3 colour space, ProGraphic monitors provide the accuracy needed for any visual project. Whether it's digital content, print, or film, your work looks exactly how you intended so your audience sees what you see.

## Enhanced contrast for sharper decisions

A 3000:1 contrast ratio allows ProGraphic monitors to expose subtle shadows and delicate tonal transitions. This means you see more of your image upfront, making editing and grading decisions easier and more accurate. No detail gets overlooked.
